

PUREBLOOD Whitepaper v1

GM,

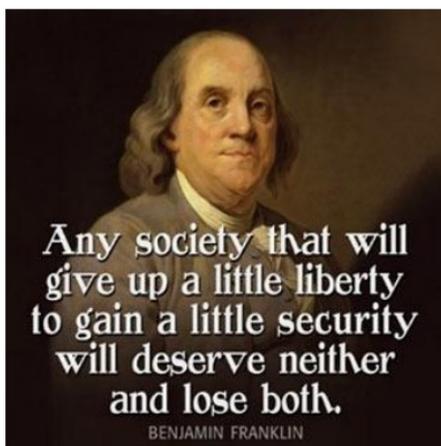

Introducing **PUREBLOOD**, the meme-powered tribe token.

Purebloods are brave men who have refused to be enslaved by the Covid job.

The Good News

On the face of it, us Purebloods get nothing good from the world. Lockdowns, prevented from dining out, banned from air/train/public transport, socially ostracised and pressured to muzzle our faces with dirty diaper masks. But if you take a step back and think about it, us Purebloods have it best.

'Are you vaccinated?', the woman asks the man.

'Yes', the man replies.

Game over.

A woman can never respect, trust or love such a man. Subconsciously, she knows he's a pussy. A slave. A man incapable of protecting her and her children when enemies apply pressure. Even if she's some fat, triple booster jabbed blue-haired feminist, still, deep down, she resents the weakness of vaxxed men.

The women and children (present and future) of Pureblood men know they are protected by a sovereign man with balls. A man with the balls to resist tyrannical pressure from governments, society and even (sadly) his own family.

Men only respect Pureblooded men, too. Recall when your so-called-friends said, 'just got my jab'....what happens in your gut? You feel disgusted. Your entire physical being loses respect and trust for that man. You might continue joking and drinking politely with them, but these are not men you would go into battle alongside. They are cowards.

Not only do us Purebloods have big balls, but unvaxxed sperm inside those big balls. Memes report the value of unvaccinated sperm has increased by 21,000%. Our PUREBLOOD tokens as well as our unvaxxed sperm are going to the moon lads. Indeed, we Purebloods have it best.

The Bad News & the War on Free Men

The bad news is that if we all remain lone wolf Purebloods, we're screwed. The global elites have been emboldened by how easily Western sheeple bent the knee to mask mandates, lockdowns and vaccine tyranny. They want their subjects reduced to QR codes and a serial number. As the West declines, totalitarianism rises. Your vaxxed friends are not your friends. Stick a police badge on them and they'll arrest you—they *would have turned in Anne Frank!*

To win in this world, we need a network of like-blooded sovereign individuals.

Crypto is our strongest weapon to fight back. If they cannot control our money, they cannot control us.

Naturally, crypto is full of high IQ tech nerds. Whilst many of these nerds theoretically value freedom, most are vaxxed virgins who surrender as soon a government or an ugly woman applies pressure.

Pureblooded men in crypto are the Chosen Ones. We're objectively the bravest, smartest and most powerful men on the planet.

Join the PUREBLOOD tribe today and together we will become unstoppable and ungovernable.

The **PurebloodDAO** will spearhead the movement.

Apart From Troll Vaxxed Liberals, What Can the PurebloodDAO Actually Do?

Meme bashing cucked liberals is more than enough. But here's what else is on the agenda:

1. In-person events
2. NFT Pureblood Passports
3. Decide which organisation(s) get the 5% sell tax donations
4. Share crypto trading tips

5. Govern and expand the Pureblood ecosystem*

**Remember, every centralised entity that can censor us will censor us. We may have to build our own Twitter, Discord, Medium, DEX, and NFT marketplace alternatives. As we conquer the digital world, we will take back control of our physical world, too. Let's save/rebuild historical monuments of heroes like Winston Churchill and Thomas Jefferson that are under siege. Finally, let's buy our own land and build a truly free society.*

The PurebloodDAO is an exclusive Telegram group available only to Purebloods with at least 25 billion PUREBLOOD tokens (0.1% of the 25 trillion total supply). After the DAO hits 200 Pureblood brothers, it will require an additional application process via the website, with members vetting and voting new recruits in. Get thinking of ideas for new member initiations.

Will Number Go Up?

Don't know.

Wen Marketing?

Fair launch. No treasury. No marketing tax. A 5% sell tax will be donated towards Pureblood causes (decided by the DAO) like icandecide.org, for example. Marketing will be 100% grassroots and organic from the energy and pockets of the Purebloods.

PUREBLOOD will never pay for influencers. But influencers will join the movement for clout, for glory and to fight for freedom!

Resist With Us

Remember: The PUREBLOOD movement is about more than just chasing gainz. We are sending a message and building a global tribe. Vaxxed speculators are not needed, not welcomed and not respected. All honour and glory of the PUREBLOOD movement goes to our Pureblooded brethren.

We shall make history, we few, we happy few, we band of brothers! For every man that preserves his pureblood is welcome in the brotherhood.

Whether rich, poor, Christian, Muslim, autistic or chad, this movement celebrates greatness.

The vaxxed will curse their cowardice and hold their heads in shame while our children tell stories of the Purebloods!

JAB-FREE MEN

**THE PUREBLOODS
NEED YOU!**
